

Nicoda Adams

PROJECT SPECIALIST

Email: nicoda@ydnetwork.org

Nicoda joined the YDN team in April 2017 as Project Specialist. She first discovered YDN through attending a youth leadership summer camp in high school. She took on the role of youth facilitator for the following two years, creating and facilitating the majority of the camp's activities. She is currently attending California State University Sacramento as a Communications major while also working with YDN.

Nicoda hopes to make a positive change in the surrounding communities through her work with YDN. She wants to bring others life-changing experiences that will help them see their full potential in creating growth within their environments. Nicoda looks forward to providing the same experience that she went through with YDN by helping others discover their voice. She is only at the beginning of her journey and she's excited to get started.

When she is not at work, Nicoda enjoys reading, playing soccer, and travelling with family and friends. Some of her favorite places she's visited are Hawaii, London, and Cancun. On the weekends you can find her spending time with friends and petting dogs.
